

Grants available to help communities around Yorkshire make a difference to their local landscape

From native tree planting to improved woodland access, enhanced habitats and environmental education... as part of its 2019 Centenary celebrations, Betty's is inviting applications to its Trees for Life fund for projects that will make a difference to the Yorkshire landscape.

If you work with a small charity, community or voluntary group or school then you can apply for a grant of up to £4000 to support your environmental project. Help us to celebrate our long-standing passion for trees by making an impact in your own community.

Please visit [Betty's.co.uk/trees-for-life](https://www.bettys.co.uk/trees-for-life) to apply or contact our charity partner, Two Ridings Community Foundation, to discuss your project idea.
